

ST. PETER PARISH NURSE UPDATE

We are pleased to announce the addition of another Parish Nurse to our Parish Health Team. **Lillian Schreiber** joins Carol Poterek, Anita Glaser, and Paula Hoegemeyer in carrying out health projects such as school health duty during school hours, Life Team activities, BP screening, Stay Healthy and Christian Yoga classes, Family Support Group, and CPR training.

Both Lillian and Carol recently completed a 50-hour Foundations Course through Henry Ford Faith Community Network in preparation for their roles.

Lillian holds a Bachelor of Science in Nursing from Wayne State University and recently retired from a long career in the Macomb County Health Department. She has been working with our school health program for the past year. She and her husband Fred have been members of St. Peter since 1988.

Carol has been a Parish Nurse at St. Peter since 2023. She holds a Bachelor of Science in Nursing degree and retired from the Beaumont-Corewell System. She has been a member of St. Peter since 1994 and is married to David.

Lillian will be installed and Carol reaffirmed as Parish Nurses on Sunday, January 25. We are thankful for their gifts as we serve the St. Peter community in body, mind, and spirit.

Lillian and Carol
