REPORT 2025

Family Mountain Assignment 2024 – 2025

For 2024 – 2025 the Family Mountain phone calls have included Laurie Bertelsen's New Jerusalem Prayer Strategy from her book. The structure of this prayer strategy is found in Revelation 21:10-21. We did our prayer assignment for all seven mountains of influence. At present we have implemented the Hebrew gates of Judah, Issachar, Zebulan, Reuben, Simeon, Gad, and Dan. We will continue into 2026 and cover the remainder of the Hebrew gates and foundation stones. So far, we have repented for all sin and iniquities and forgave all the mountains of influence at each gate and foundation stone we have covered. We followed the steps in Laurie's book and dealt with corrupted ley lines, replaced the wrong angels for God's original angels, invited Jesus back as the door of each gate, unplugged from the three of the knowledge of good and evil, plugged into the tree of life, and unplugged from the Levi law and plugged into the Order of Melchizedek. We celebrated Jesus as the foundation stone of each mountain. We've repented for the iniquity of American leaders so the Apostle foundation stones were cleansed. We treated the mountains land, water and atmosphere as a person needing to be delivered. We allowed the measuring angel to inform us when to move to the next gate and foundation stone. Additionally, we have dug up idols we have encountered and replaced with the opposite. When we finish all the twelve gates and foundation stones of New Jerusalem on each mountain, then as a group, we are going to physically gather together to do the final 13th tribe of Levi to finish up this assignment. We're excited to see what the results are from this application.

ARTS ENTERTAINMENT AND MEDIA REPORT 2025

You may recall that in 2023 Apostle John Benefiel, Venessa Battle and I took another court case before the court of Heaven regarding the mountain of art, entertainment and media.

In October of that year, Venessa and I delivered the verdicts to the following places: Walt Disney Headquarters, Warner Brothers, ABC Hollywood, Paramount Pictures, Culver Studios (Amazon), TikTok, Raleigh Studios, Sony, LinkedIn, X (Twitter), Meta (Facebook) Amazon Headquarters, Microsoft, Apple, AT&T, Snapchat, Instagram and YouTube.

We continue to see the fruit of that court case. Here are some highlights from the past year:

NEWS

- Meta banned nearly 7 million WhatsApp accounts which were linked to fraudulent activities.
- Google removed nearly 11,000 YouTube channels linked to China and Russia.
- Meta announced new safety features for teens, removing 635,000 accounts.
- Christian music, once limited to worship services and niche stations, is making serious inroads into mainstream charts. What once felt like a separate cultural stream is now merging into the heart of American music,
- In April of this year, House of David became the number one show on Amazon Prime!
- Hip Hop artist Miles Minnick lead a surprising altar call at *Rolling Loud,* the largest Hip Hop concert in the nation. The video went live, and the comments are filled with love.
- Producer Scott Rudin was exposed in 2021 for his bad, even violent behavior. This year, he made a public apology and a commitment to be better in the future.
- Warner Brothers/Discovery announced June 9 that they are separating into two companies.

2025 Annual Report

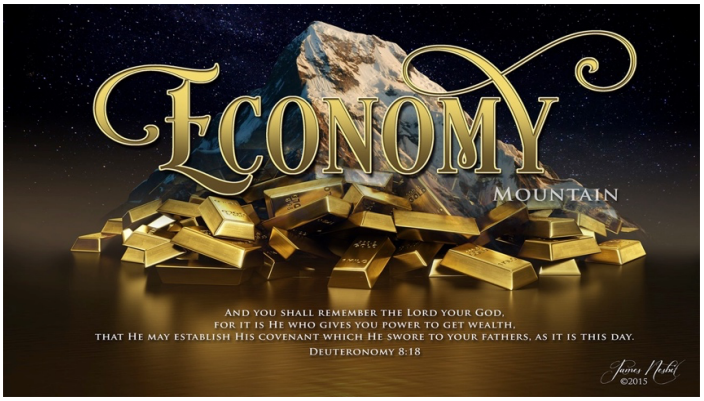

During 5785 (with the spiritual theme of The Battle for the High Places) God has consistently called the P&S Mountain to more fully engage in the spiritual battle for our nation. We recognize as an integral part of HAPN/GAPN, we are a forerunner ministry and commissioned to go before the rest of the HAPN/GAPN as well as the rest of the Body of Christ. We take this responsibility seriously and diligently strive to explore what the Lord is doing (and what He has planned) and communicate the intelligence gained from our unique perspective to various Ecclesia's we are partnered with. As the Lord has increasingly and powerfully engaged in this past year as Lord Sabaoth, we continue to evolve into more mature sons and daughters; sophisticated, adept and effective in winning spiritual battles at the spiritual gates within our mountain and stewarding these victories moving forward. As we highlighted in last year's report, both spiritual and natural enemies were highly effective in perverting/twisting many representative organizations within our P&S spheres of influence; including the FBI, DOJ, CIA, local/state/federal police, military branches and many federal P&S agencies. We continued our offensive spiritual efforts throughout 2025; diligently seeking opportunities to confront, disrupt, dismantle and destroy imbedded occultic networks/schemes/plans at work within our nation's P&S forces. Our P&S spiritual efforts (in conjunction with many others) in the latter part of 2024 and now through 2025 have facilitated a dramatic spiritual reversal in our nation.

We continue to be deeply integrated into two HAPN state Ecclesia's (Pennsylvania and Georgia). We routinely join in state-wide prayer assignments, participate in weekly prayer calls and occasionally lead state teams on specific prayer assignments. Over this past year we have actively participated in numerous strategic prayer initiatives confronting/disrupting the Queen of Heaven, the global elite, closing ancient occultic gates/portals, and removing spiritual/natural obstacles that resist Kingdom manifestations. We recently facilitated both states in completing assignments related to a national initiative. We also exercise some 'equity' (spiritual influence) in the states of Alabama, New Mexico, Louisiana, Mississippi and Texas. We continue to spiritually track other states which we have gained equity in the past including Alaska, Nevada, Hawaii, Washington, Oklahoma, Colorado, Florida and Guam. In addition, we have a measure of equity in various European countries and some Middle Eastern countries.

We participated in a national strategic meeting regarding reconciliation at the national/international level; specifically focused on strengthening US/Israel ties. We continue to host two P&S Signal text streams to inform, enlighten and engage our team daily throughout the year. We also lead two monthly meetings to train/educate our team and to pray effectively about P&S evolving dynamics. We are actively seeking additional opportunities to effectively partner with other HAPN/GAPN leaders to facilitate the higher strategic level of spiritual warfare in the coming season.

How can we help??

2025 HAPN Economy Mountain Report

After meeting with Robert Henderson at the 2023 Money Conference that the HAPN Economy Mountain puts on in conjunction with the HAPN Annual Meeting, Bob has been speaking at a number of economy, business and wealth conferences. Since Bob attended and spoke at the GRA meeting in Colorado in December of 2024, numerous doors have opened for him to share his vision on marketplace ministry and we are excited that he will share this year at HAPN.

Regarding prayer initiatives this year, Perry and others organized a trip to the seven churches of Asia Minor, Nicaea (for the 1,700th anniversary of Constantine's Nicene Council where it was codified in church canon that the resurrection was to be celebrated on Easter rather than in conjunction with Passover) and Israel. The purpose of our prayer assignment was to relight the lampstands of the churches, repent for the antisemitism at its highest levels (and the resultant division with, and separation from, our covenant roots and God's chosen times) that took root in the Church as a result of Nicaea, to reestablish our covenant roots with the God of Israel in Jerusalem on Shavuot, and to put an axe to the roots of Empire rather than Kingdom (Shalom) at work in the Church since Nicaea. A group then went on to Rome to renounce the antisemitic empire spirit and to vav our Kingdom covenant roots.

While at Ephesus, we toured a 6th century basilica which included a treasury room which originally contained the gold reserves of the church. As Bob and I entered the treasury the thing that stood out to me was that there was no gold remaining. It was no longer there, it was empty. We repented on behalf of the Church for putting our trust in something temporal (gold) rather than putting our complete trust in the One True God.

Then in Laodicea, we felt led to burn the cord of poverty (Chuck Pierce had given us 3 cords to burn in Asia Minor, they represented a cord of three strands that had taken root in the Church: Religiosity, Infirmity and Poverty). We repented on behalf of the Church for the pride that masks our nakedness and the prosperity that masks our poverty and exchanged it for the gold refined by fire and the authority of ruling and reigning that sitting on the throne with Jesus brings.

One week to the day after we left Jerusalem (where we reestablished our covenant roots after repenting in Nicaea for antisemitism at its highest levels), Israel, began its bombing campaign against Iran (the principality of antisemitism at its highest levels in the world today).

Furthermore, the day our team left Rome, the Pope met with the Patriarch of the Orthodox Church to begin to establish a common date to celebrate the resurrection of Jesus.

Additionally, two new **executive orders** were enacted by **President Donald Trump** in July 2025:

- **"Eradicating Anti-Christian Bias"**
- **"Establishment of the Religious Liberty Commission"**

A memorandum issued by **Scott Kupor, Director of the U.S. Office of Personnel Management**, clarified the **permitted religious expression of government workers**, ensuring greater protection of faith in public service.

Leadership Engagements and Media Outreach

Served as **Master of Ceremonies** for **Apostles Manny & Grace Lardizabal** during their **Lieutenant Governor Announcement Celebration** — a new experience that reflects how God is expanding my influence into new governmental and civic arenas.

Montgomery, Alabama

Hosted a **Fundraiser Movie Night** at **RiversEdge Church**, featuring my **award-winning film, "Keturah Farms Documentary."**
The event was a tremendous success — hearts were touched, partnerships were formed, and awareness grew for our mission to teach sustainable agriculture and empower communities worldwide.
