This degree is offered on NOC Enid and NOC Tonkawa campuses.

This Associate in Science degree program prepares students to transfer to a four-year university to pursue the Bachelor's degree in Pharmacy.
Students transferring should consult catalog from the institution to which they are planning to transfer to and carefully select courses that will meet the requirements to complete their bachelor's degree.
Career Opportunities: Pharmaceutical Research, Pharmacy, Pharmaceutical Sales

NORTHERN
Oklahoma College
Division of Ag and Biological Science
This suggested curriculum includes degree requirements and courses that are usually completed in the first two years of a four-year curriculum. Consult with the university or college of your choice and its catalog curriculum as you make plans on where to transfer. Be careful to select the courses that will meet all requirements for both the Associate and Baccalaureate degree programs.

| Year One |  |  |  |  |  |

| BIOL | 2104 | Human Anatomy |  | COMM | 1713 | Intro to Oral Communication |
| PHYS | 1114 | General Physics I |  |  | (Recommended Elective) |  |

NOC evaluates students for placement into either foundational or college-level courses, whichever will lead to the greatest possibility of student success. Academic placement is determined either by A.C.T. test scores or by Accuplacer test scores. These tests are administered in the Testing Center at NOC. Based upon the scores, students may be required to take one or more courses for remediation in English, Math, or Reading, either prior to or concurrent with credit courses. See the NOC testing web page by clicking on the following link: http://www. noc.edu/act for placement guidelines.
